

**When we all are voters,
together, we can seek
and demand
respect in our
workplaces.**

Thank you for voting in 2022!

Everyone who works in public education deserves to be treated with respect. Together, we can elect leaders who will listen to educators; recognize our work, expertise and dedication and support us with fair compensation and supportive working conditions. Remind your colleagues to vote on Nov. 8!

Our ballots are always secret, but whether or not we vote is public record. Together, let's get 100 percent of educators to vote in 2022!
