Taxes/revenue

4. Would you commit to raising revenue to ensure the wealthiest corporations and richest households pay what they truly owe in taxes so every student, no matter what they look like or where they live, can attend a fully funded public school that prepares them to pursue their dreams?

Yes No

5. Education Minnesota believes in restoring fairness to the state tax code by raising revenue from the very wealthiest corporations and richest households and reducing the reliance on local levies to fund schools. Considering your own experience and expertise, are there other progressive, equitable ways to raise state revenue that you would recommend the union consider supporting?

None right now. I'm open to supporting good ideas.

Higher education

Support a robust state aid and scholarship program to support students in both public and private higher education.

Yes No

High-quality professional educators

10. What will you do to help recruit and retain high-quality educators in our classrooms?

Work to raise compensation in a variety of forms. Look for recruits from other states where state laws put teachers in risk of lawsuits and other dangers.

Standardized testing

No opinion at present, but I'm suspicious of the fairness of standardized testing.

Honesty in Education

15. What can you do to protect teachers in the classroom and ensure that they have the freedom to teach?

Resist legislative attempts to micromanage curriculum which should be left to teachers. Educate the public when they are being manipulated by racist sloganeering. Make sure teachers have due process if attacked by local agitators, and support if the attacks are unfair.

16. Do you agree that Minnesotan students deserve an honest and accurate education about race that enables them to learn from the mistakes of our past so they can create a better future for all Minnesotans? Why or why not?

It is very important that students receive a true portrayal of our country's history, especially concerning race.

Time to Teach

Yes No

Yes No

Union Rights

20. Do you support collective bargaining rights?

Yes No

22. Do you support teacher tenure and due process rights so the experts who work the most with students have the support to stand up for them?

Yes No

23. How will you support unions as a state legislator?

Currently I’m not yet familiar with specific challenges but I am both a beneficiary of and supporter of strong unions and will oppose efforts to weaken them and support efforts to strengthen them.

Yes No

30. Will you support policy changes that will ensure a stronger accountability system with necessary oversight and reporting to ensure quality management and instructional practices in charter schools?

Yes No

31. Will you support a moratorium on new charter schools until such changes are made?

Yes No

32. Minnesota students, from different places and of different races, deserve well-resourced, welcoming schools. These needs are urgent and can't wait decades for lawyers and courts to force it to happen.

Do you oppose efforts that would delete constitutional mandates for using taxation to fund public education funding and for providing equal access to public schools to all students?

Yes No

Do you also oppose these same efforts that would enshrine standardized testing – with all its racial, cultural and economic biases – into the Minnesota Constitution?

Yes No

Your role as a legislator

33. Have you visited a public school in your district in the past year? If so, which one? What were your observations from your visit? How will that experience inform your work as a legislator? If not, when did you last visit a school? Would you like us to help arrange a visit?

I have attended graduations. I plan to sit down with our district leaders soon.

34. What have you done to become informed on issues relating to public education? What organizations and individuals do you go to for your information?

I will be talking to people.

35. How do you envision working with Education Minnesota if you are elected/re-elected? If you disagree with us on an issue, how will you communicate that?

I would value a relationship with EdMN and will seek one out if elected. I would expect frequent opportunities to discuss issues of concern with your representative in person.

36. If elected/re-elected, how will you balance competing priorities that might exist between Education Minnesota and other education groups?

I will determine that if/when it happens.
