

Candidate for Minnesota House District 01B

Jun 11, 2026

Yes/No questions

1. Have you visited a public school in your district in the past year?

Yes

Q2. ESP living wage: Will you support legislation to ensure that all education support professionals earn a living wage of at least \$25 an hour?

Yes

Q3. Due to significantly below-market compensation for teachers, most school districts in Minnesota are having difficulty filling teaching jobs, and state colleges report a continued decline in the number of graduates from teacher preparation programs. Would you support creating a minimum salary for all licensed Minnesota teachers of \$60,000 a year and an \$80,000 minimum salary for licensed teachers with 10 years of experience and a master's degree?

Yes

Q4. Will you support increasing state funding to ensure the financial sustainability of educator public pension funds, so the cost doesn't come out of workers' pockets?

Yes

Q5. Will you support improving teacher pensions, including an unreduced career rule, lowering penalties, and increasing cost of living adjustments for retirees?

Yes

Q6. Do you support the creation of and funding for the Educator Group Insurance Program (EGIP), which would give educators access to a mandatory statewide health insurance pool, just like other state workers?

Yes

Q7. Do you support dedicated funding for unemployment insurance for hourly school workers, and will you work against any efforts to repeal this benefit?

Yes

Do you support the following education funding priorities?

Q8a. Maintain the current automatic inflationary increase to the basic formula allowance, protecting funding increases from the erosion of inflation.

Yes

Q8b. SPED cross subsidy: Fully fund special education costs instead of relying on school districts to pay for them.

Yes

Q8c. EL cross subsidy: Fully fund the costs districts pay to provide quality English learner programs and instruction.

Yes

Q8d. Lower class sizes: Lower class sizes so teachers can give students more of the individual attention they need and deserve.

Yes

Q8e. Teachers of color: Fund programs to increase the number of teachers of color significantly so that teachers providing instruction better reflect the students in our classrooms.

Yes

Q8f. Student support: Defend Student Support Personnel Aid, which must be used for school nurses, social workers, counselors and psychologists.

Yes

Q8g. Defend against further cuts to school library aid, which is the only dedicated funding source for school libraries and media centers, including

Yes

Q8h. Early learning: Preserve and expand pre-Kindergarten options for all Minnesota families.

Yes

Q9. Would you commit to raising revenue to ensure the wealthiest corporations and richest households pay what they truly owe in taxes so every student, no matter what they look like or where they live, can attend a fully funded public school that prepares them to pursue their dreams?

Yes

Q11. Fully funded schools require adequate and stable revenues. Will you oppose tax cuts and carve outs that lower tax collections or narrow the tax base?

Yes

Q12. Efforts to address college affordability in the last two decades have resulted in 120% growth in the State Grant Program. One consequence of this high tuition/high aid model has been the chronic underfunding of the public college systems. Do you support returning to statutory funding levels for our public higher education institutions?

Yes

Q13. Another consequence of this high tuition/high aid model has been a significant amount of public money going to private colleges and universities. Do you support public dollars going solely to public higher education institutions?

Yes

Q14. Given nationwide attacks on higher education, do you support academic freedom and faculty control of curriculum?

Yes

Q17. Education Minnesota believes all students should have the freedom to feel safe, respected and welcomed in their public schools, no matter what they look like, no matter their country of origin, whether transgender or not. Do you agree?

Yes

Q18. Teachers need more time daily for planning and differentiating. Most after-school "prep" is filled with meetings. The current statute falls short of the time needed for preparing lessons. Will you support adjusting this statute to increase prep time?

Yes

Q19. Do you support paid, dedicated time outside of student contact time for special education teachers to complete their paperwork and attend required meetings?

Yes

Q20. Do you support increased reporting and transparency in worksite safety when reporting physical injuries and emotional trauma in the workplace?

Yes

Q21. The ability of workers to come together in a union and bargain collectively has been vital for reducing wage gaps by gender, building the middle class, and limiting wealth inequality in Minnesota. Do you support expanding and strengthening workers' rights to join a union and bargain collectively?

Yes

Q22. Will you oppose any legislation or constitutional amendments that would weaken collective bargaining rights, the right to organize, the right to strike, automatic payment of union dues, union access and activities at worksites or other anti-union policies backed by anti-worker groups?

Yes

Q23. Do you oppose state tax credits for private K-12 education tuition and expenses?

Yes

Q24. Will you support a moratorium on new charter schools until policy changes are made to ensure a stronger accountability system that will eliminate fraud and improve instructional and employment practices?

Yes

Q25. Will you reject all efforts to carve out, delay or rollback any aspects or benefits of the 2023 paid family medical leave law?

Yes

Q26. Do you support clarifying and strengthening workers' rights and protections in the paid family medical leave program?

Yes

Q1a. If yes: Which one? What were your observations from your visit? How will this experience inform your work as a legislator?

East Grand Forks Public Schools. My experience with East Grand Forks Public Schools comes from several perspectives: as a parent of a student in the district, with another child entering kindergarten this fall, as a parent representative on the district's American Indian Education Parent Committee, and through my professional role coordinating resources and supports for families alongside and at the request of school staff.

These experiences have given me the opportunity to see both the strengths of our schools and the challenges they face. I have observed dedicated educators and staff who work hard every day to support students and families, often while navigating limited resources. I have also seen the need for continued investment in school facilities and repairs, special education services, student supports, and programs that help ensure every child has the opportunity to succeed.

As a legislator, these experiences will inform my commitment to listening to educators, students, families, and school leaders when making decisions that impact public education. I understand that strong schools are essential to strong communities, and I will advocate for policies and funding that support student success, strengthen special education services, address facility needs, and help ensure that all students have access to the resources and opportunities they need to thrive.

Q10. Education Minnesota believes in restoring fairness to the state tax code by raising revenue from the very wealthiest corporations and richest households and reducing the reliance on local levies to fund schools. What progressive, equitable ways to raise state revenue do you support?

I also believe in restoring fairness to the tax code, and look forward to working and partnering with Education Minnesota and others to develop progressive, equitable ways to raise state revenue. Closing corporate loopholes, increasing wealth tax are a couple that come to mind.

Q15. What individual or system-level decisions in education do you believe are appropriate to make based on standardized test scores?

I do not believe standardized test scores should be used to incentivize or punish schools, educators, or students. While standardized assessments can provide one piece of information about student performance, they do not capture the full picture of a student's abilities, learning environment, challenges, strengths, or growth.

I believe educators know their students best. They understand the unique needs of their classrooms, the family and community factors that impact learning, and the supports students need to succeed. Standardized test scores can be one tool to identify trends or areas where additional resources may be needed, but they should not be the primary factor in high-stakes decisions.

As a legislature, I would support using data to inform decisions while also trusting educators, families, and local school districts to determine how best to meet the needs of their students and communities.

Q16. Most educators believe students should have access to a wide range of age-appropriate books that include relatable characters and situations that reflect the diversity of Minnesota families. However, certain politicians and big money groups are trying to remove books from school libraries across America, particularly books with LGBTQ+ characters or those that deal with racism in America. How should Minnesota protect its students' freedom to read?

Minnesota should continue to protect access to diverse, age appropriate books that reflect the diverse experiences and perspectives. I believe that decisions about educational materials should be guided by educators, librarians, parents, and local school districts, NOT by political agendas. Protecting our students freedom to read means ensuring access to a broad range of perspectives and experiences. Our focus should be on supporting literacy, critical thinking, and learning rather than limiting opportunities to engage with diverse ideas and stories.

Q27. How would you support schools, educators and students in recovering from the trauma and financial impacts that Operation Metro Surge inflicted upon our state, especially BIPOC communities?

I would do whatever is needed to provide the resources for recovery from the impacts that have occurred due to Operation Metro Surge. Especially for our BIPOC communities.
