I think our teachers work hard for the students they serve but i feel we need to find ways to better support teachers and the districts they work in. I feel we need to fight for better pay and healthcare for our educators as a whole.

Q10. Education Minnesota believes in restoring fairness to the state tax code by raising revenue from the very wealthiest corporations and richest households and reducing the reliance on local levies to fund schools. What progressive, equitable ways to raise state revenue do you support?

I think we need to make sure those who can afford it the most should pay their fair share. I think that corporate taxes should be distributed to help fund initiatives that help our schools and teachers out.

Q15. What individual or system-level decisions in education do you believe are appropriate to make based on standardized test scores?
