

Candidate for Minnesota House District 11B

Jun 24, 2026

Yes/No questions

1. Have you visited a public school in your district in the past year?

Yes

Q2. ESP living wage: Will you support legislation to ensure that all education support professionals earn a living wage of at least \$25 an hour?

Yes

Q3. Due to significantly below-market compensation for teachers, most school districts in Minnesota are having difficulty filling teaching jobs, and state colleges report a continued decline in the number of graduates from teacher preparation programs. Would you support creating a minimum salary for all licensed Minnesota teachers of \$60,000 a year and an \$80,000 minimum salary for licensed teachers with 10 years of experience and a master's degree?

Yes

Q4. Will you support increasing state funding to ensure the financial sustainability of educator public pension funds, so the cost doesn't come out of workers' pockets?

Yes

Q5. Will you support improving teacher pensions, including an unreduced career rule, lowering penalties, and increasing cost of living adjustments for retirees?

Yes

Q6. Do you support the creation of and funding for the Educator Group Insurance Program (EGIP), which would give educators access to a mandatory statewide health insurance pool, just like other state workers?

Yes

Q7. Do you support dedicated funding for unemployment insurance for hourly school workers, and will you work against any efforts to repeal this benefit?

Yes

Do you support the following education funding priorities?

Q8a. Maintain the current automatic inflationary increase to the basic formula allowance, protecting funding increases from the erosion of inflation.

Yes

Q8b. SPED cross subsidy: Fully fund special education costs instead of relying on school districts to pay for them.

Yes

Q8c. EL cross subsidy: Fully fund the costs districts pay to provide quality English learner programs and instruction.

Yes

Q8d. Lower class sizes: Lower class sizes so teachers can give students more of the individual attention they need and deserve.

Yes

Q8e. Teachers of color: Fund programs to increase the number of teachers of color significantly so that teachers providing instruction better reflect the students in our classrooms.

Yes

Q8f. Student support: Defend Student Support Personnel Aid, which must be used for school nurses, social workers, counselors and psychologists.

Yes

Q8g. Defend against further cuts to school library aid, which is the only dedicated funding source for school libraries and media centers, including

Yes

Q8h. Early learning: Preserve and expand pre-Kindergarten options for all Minnesota families.

Yes

Q9. Would you commit to raising revenue to ensure the wealthiest corporations and richest households pay what they truly owe in taxes so every student, no matter what they look like or where they live, can attend a fully funded public school that prepares them to pursue their dreams?

Yes

Q11. Fully funded schools require adequate and stable revenues. Will you oppose tax cuts and carve outs that lower tax collections or narrow the tax base?

Yes

Q12. Efforts to address college affordability in the last two decades have resulted in 120% growth in the State Grant Program. One consequence of this high tuition/high aid model has been the chronic underfunding of the public college systems. Do you support returning to statutory funding levels for our public higher education institutions?

Yes

Q13. Another consequence of this high tuition/high aid model has been a significant amount of public money going to private colleges and universities. Do you support public dollars going solely to public higher education institutions?

Yes

Q14. Given nationwide attacks on higher education, do you support academic freedom and faculty control of curriculum?

Yes

Q17. Education Minnesota believes all students should have the freedom to feel safe, respected and welcomed in their public schools, no matter what they look like, no matter their country of origin, whether transgender or not. Do you agree?

Yes

Q18. Teachers need more time daily for planning and differentiating. Most after-school "prep" is filled with meetings. The current statute falls short of the time needed for preparing lessons. Will you support adjusting this statute to increase prep time?

Yes

Q19. Do you support paid, dedicated time outside of student contact time for special education teachers to complete their paperwork and attend required meetings?

Yes

Q20. Do you support increased reporting and transparency in worksite safety when reporting physical injuries and emotional trauma in the workplace?

Yes

Q21. The ability of workers to come together in a union and bargain collectively has been vital for reducing wage gaps by gender, building the middle class, and limiting wealth inequality in Minnesota. Do you support expanding and strengthening workers' rights to join a union and bargain collectively?

Yes

Q22. Will you oppose any legislation or constitutional amendments that would weaken collective bargaining rights, the right to organize, the right to strike, automatic payment of union dues, union access and activities at worksites or other anti-union policies backed by anti-worker groups?

Yes

Q23. Do you oppose state tax credits for private K-12 education tuition and expenses?

Yes

Q24. Will you support a moratorium on new charter schools until policy changes are made to ensure a stronger accountability system that will eliminate fraud and improve instructional and employment practices?

Yes

Q25. Will you reject all efforts to carve out, delay or rollback any aspects or benefits of the 2023 paid family medical leave law?

Yes

Q26. Do you support clarifying and strengthening workers' rights and protections in the paid family medical leave program?

Yes

Q1a. If yes: Which one? What were your observations from your visit? How will this experience inform your work as a legislator?

Mora School District

Q10. Education Minnesota believes in restoring fairness to the state tax code by raising revenue from the very wealthiest corporations and richest households and reducing the reliance on local levies to fund schools. What progressive, equitable ways to raise state revenue do you support?

I fully support this effort. I see it as an investment from the wealthiest corporation in our education system which will result in better prepared employees. I am proud of Minnesota's commitment to education and I believe we have many Fortune 500 corporation in Minnesota due to the quality of our workforce. Coming from the rural area, we have unique challenges in funding our schools. I believe the funding for schools need to be overhauled to address equal access to a good education.

Q15. What individual or system-level decisions in education do you believe are appropriate to make based on standardized test scores?

I am conflicted with reliance on standardized test scores for system level decisions. I understand that there needs to be a standard method of measuring results. But it appears to me that too much reliance is placed on standardized test scores resulting in more efforts to teach toward results of these scores. I truly believe we need to teach our children the art of critical thinking. Personally, I did well with standardized test, but it didn't truly reflect how it affected my critical thinking. I also believe the creative arts should get more attention in our education system. Budget cuts in smaller school districts look at these areas to balance their budget. But this is short sighted. Research have proven that students who take art, music, choir build skills that improve their problem solving skills. When they become new employees, they are the ones who learn their tasks faster and more efficiently. The standardized test scores can be used to come up with a number to compare with other schools, but I truly believe it does not truly reflect the student's overall ability. Based on my standardized scores, my high school counselor said I was not college material and should look at a trade school. This was based on the scores. But a deeper drive into the test revealed that I scored high on the questions that I answered but was slower than most students in getting through the test, so in timed test I was not able to finish the test resulting in lower scores. It should be noted that I went to college while working fulltime, married with three children, and I had a 3.75 GPA. We have to be careful how we use these scores in judging a school performance.

Q16. Most educators believe students should have access to a wide range of age-appropriate books that include relatable characters and situations that reflect the diversity of Minnesota families. However, certain politicians and big money groups are trying to remove books from school libraries across America, particularly books with LGBTQ+ characters or those that deal with racism in America. How should Minnesota protect its students' freedom to read?

I support education through reading a wide variety of books that enhance critical thinking and creativity. Book banning is a sign of declining society. I believe access to age-appropriate book should be protected and encouraged, especially in our schools. I am upset that reading the classics is now being threatened by uneducated people who think they are protecting their children when in reality that are stealing that child's ability to think critically.

Q27. How would you support schools, educators and students in recovering from the trauma and financial impacts that Operation Metro Surge inflicted upon our state, especially BIPOC communities?

I was saddened when HF 3435, introduced this year, failed along party lines. This bill offered schools protection from ICE intrusion. It would have required that ICE have valid identification, a valid judicial warrant, a written statement of purpose and notice to the school administration before entering school property. The bill followed constitutional requirements. Yet it was voted down on party lines. I would re-introduce this bill and insure we have the votes to pass it into law. I would also add to this bill a minimum distance that ICE agents need to be from the school property line. There should be no legal reason for ICE to enter and disrupt our schools. Immigration enforcement should never be conducting on school property. I also feel that there should be a pool of funds set aside for schools to access to help get through traumatic events (e.g. school assaults, shootings, accidents, etc.). These funds would be available through a formal process for a covered event to help cover cost of counselors, support groups, and loss of revenue for temporary closings, etc.)
