Q10. Education Minnesota believes in restoring fairness to the state tax code by raising revenue from the very wealthiest corporations and richest households and reducing the reliance on local levies to fund schools. What progressive, equitable ways to raise state revenue do you support?

I support creating a new tax bracket for the ultra-wealthy. Taxing capital gains and wealth. Fees on high end transactions. Statewide property taxes specifically for high value property.

Q15. What individual or system-level decisions in education do you believe are appropriate to make based on standardized test scores?

I don't believe that standardized testing is an adequate measure of our children's education. As it stands I feel that our children are only being taught to recite facts. Currently we are not focusing on true critical thinking skills.

Q16. Most educators believe students should have access to a wide range of age-appropriate books that include relatable characters and situations that reflect the diversity of Minnesota families. However, certain politicians and big money groups are trying to remove books from school libraries across America, particularly books with LGBTQ+ characters or those that deal with racism in America. How should Minnesota protect its students' freedom to read?

We should uphold the Access to Library Materials and Rights Protected law. Work with licensed media professionals to write policies to protect our student's freedom to read. Advocate for student led banned/challenged book clubs. Work with local and statewide groups to provide access to all types of books/ materials for students and their families.

Q27. How would you support schools, educators and students in recovering from the trauma and financial impacts that Operation Metro Surge inflicted upon our state, especially BIPOC communities?

My goals are to increase school funding to include more mental health professionals available to students and staff. I fully support raising the wages of teachers and support staff to above livable wage standards. Recovering from the trauma of Operation Metro Surge will take time, but I am willing to put all of my effort in to supporting our teachers and students as they navigate their own mental health journeys.

Federal agents/ police officers conducting any kind of arrest will absolutely need a judicial warrant, and I will support legislation that prohibits law enforcement from wearing any kind of identity obstructing devices. Furthermore, going forward law enforcement agencies will be required to restrict the number of officers sent for an arrest to no more than 2 per person. I personally support the abolition of ICE and DHS.
