Q10. Education Minnesota believes in restoring fairness to the state tax code by raising revenue from the very wealthiest corporations and richest households and reducing the reliance on local levies to fund schools. What progressive, equitable ways to raise state revenue do you support?

Creating a fifth tier tax rate for the richest folks.

Q16. Most educators believe students should have access to a wide range of age-appropriate books that include relatable characters and situations that reflect the diversity of Minnesota families. How should Minnesota protect its students' freedom to read?

We must not ban any books in school libraries. Continue protections to meet students where they are at and accept them for whom they are.

The number one problem is to address the trauma that has been inflicted. That would require providing more mental health supports and counseling staff in schools that were impacted. Next would be providing finance support for those struggling with rent and basic needs because of lost jobs or reduced hours because of ICE.
