

Candidate for Minnesota House District 48A

Jun 9, 2026

Yes/No questions

1. Have you visited a public school in your district in the past year?

Yes

Q2. ESP living wage: Will you support legislation to ensure that all education support professionals earn a living wage of at least \$25 an hour?

Yes

Q3. Due to significantly below-market compensation for teachers, most school districts in Minnesota are having difficulty filling teaching jobs, and state colleges report a continued decline in the number of graduates from teacher preparation programs. Would you support creating a minimum salary for all licensed Minnesota teachers of \$60,000 a year and an \$80,000 minimum salary for licensed teachers with 10 years of experience and a master's degree?

Yes

Q4. Will you support increasing state funding to ensure the financial sustainability of educator public pension funds, so the cost doesn't come out of workers' pockets?

Yes

Q5. Will you support improving teacher pensions, including an unreduced career rule, lowering penalties, and increasing cost of living adjustments for retirees?

Yes

Q6. Do you support the creation of and funding for the Educator Group Insurance Program (EGIP), which would give educators access to a mandatory statewide health insurance pool, just like other state workers?

Yes

Q7. Do you support dedicated funding for unemployment insurance for hourly school workers, and will you work against any efforts to repeal this benefit?

Yes

Do you support the following education funding priorities?

Q8a. Maintain the current automatic inflationary increase to the basic formula allowance, protecting funding increases from the erosion of inflation.

Yes

Q8b. SPED cross subsidy: Fully fund special education costs instead of relying on school districts to pay for them.

Yes

Q8c. EL cross subsidy: Fully fund the costs districts pay to provide quality English learner programs and instruction.

Yes

Q8d. Lower class sizes: Lower class sizes so teachers can give students more of the individual attention they need and deserve.

Yes

Q8e. Teachers of color: Fund programs to increase the number of teachers of color significantly so that teachers providing instruction better reflect the students in our classrooms.

Yes

Q8f. Student support: Defend Student Support Personnel Aid, which must be used for school nurses, social workers, counselors and psychologists.

Yes

Q8g. Defend against further cuts to school library aid, which is the only dedicated funding source for school libraries and media centers, including

Yes

Q8h. Early learning: Preserve and expand pre-Kindergarten options for all Minnesota families.

Yes

Q9. Would you commit to raising revenue to ensure the wealthiest corporations and richest households pay what they truly owe in taxes so every student, no matter what they look like or where they live, can attend a fully funded public school that prepares them to pursue their dreams?

Yes

Q11. Fully funded schools require adequate and stable revenues. Will you oppose tax cuts and carve outs that lower tax collections or narrow the tax base?

Yes

Q12. Efforts to address college affordability in the last two decades have resulted in 120% growth in the State Grant Program. One consequence of this high tuition/high aid model has been the chronic underfunding of the public college systems. Do you support returning to statutory funding levels for our public higher education institutions?

Yes

Q13. Another consequence of this high tuition/high aid model has been a significant amount of public money going to private colleges and universities. Do you support public dollars going solely to public higher education institutions?

Yes

Q14. Given nationwide attacks on higher education, do you support academic freedom and faculty control of curriculum?

Yes

Q17. Education Minnesota believes all students should have the freedom to feel safe, respected and welcomed in their public schools, no matter what they look like, no matter their country of origin, whether transgender or not. Do you agree?

Yes

Q18. Teachers need more time daily for planning and differentiating. Most after-school "prep" is filled with meetings. The current statute falls short of the time needed for preparing lessons. Will you support adjusting this statute to increase prep time?

Yes

Q19. Do you support paid, dedicated time outside of student contact time for special education teachers to complete their paperwork and attend required meetings?

Yes

Q20. Do you support increased reporting and transparency in worksite safety when reporting physical injuries and emotional trauma in the workplace?

Yes

Q21. The ability of workers to come together in a union and bargain collectively has been vital for reducing wage gaps by gender, building the middle class, and limiting wealth inequality in Minnesota. Do you support expanding and strengthening workers' rights to join a union and bargain collectively?

Yes

Q22. Will you oppose any legislation or constitutional amendments that would weaken collective bargaining rights, the right to organize, the right to strike, automatic payment of union dues, union access and activities at worksites or other anti-union policies backed by anti-worker groups?

Yes

Q23. Do you oppose state tax credits for private K-12 education tuition and expenses?

Yes

Q24. Will you support a moratorium on new charter schools until policy changes are made to ensure a stronger accountability system that will eliminate fraud and improve instructional and employment practices?

Yes

Q25. Will you reject all efforts to carve out, delay or rollback any aspects or benefits of the 2023 paid family medical leave law?

Yes

Q26. Do you support clarifying and strengthening workers' rights and protections in the paid family medical leave program?

Yes

Q1a. If yes: Which one? What were your observations from your visit? How will this experience inform your work as a legislator?

Waconia High School – I thought the facilities were in great shape and the plays I attended were very well performed. I plan to work to reduce activity fees at schools so more students can afford to participate in extracurricular activities and socioeconomic status is not a barrier.

Chaska High School, Chanhassen High School, and Minnetonka High School – my children attended Chaska and Minnetonka and I've been at Chanhassen High School.

I celebrate the successes Eastern Carver County Schools have had with Math and Reading Achievement and would like to see those successes modeled around the state, if possible and where applicable.

I want to make the marketing of vapes to young people a crime in Minnesota. I also want to create social media free zones in schools and educate parents on the the harmful effects social media has had on our children and educational performance.

Education is the great equalizer and I want to see every child have the resources and teaching to have an opportunity for the same outcomes. Our public school systems, teachers, and children need to be supported both at the legislature and within our communities.

Q10. Education Minnesota believes in restoring fairness to the state tax code by raising revenue from the very wealthiest corporations and richest households and reducing the reliance on local levies to fund schools. What progressive, equitable ways to raise state revenue do you support?

I support a system that taxes wealth and income on a sliding scale rather than just income. I believe this approach would be fair for new and newer small businesses and family farmers who are starting out with a lot of wealth and low cash flow. It also would ensure those with an immense amount of wealth who use the wealth as collateral for cash flow to pay their fair share of taxes.

Q15. What individual or system-level decisions in education do you believe are appropriate to make based on standardized test scores?

I believe in using standardized test scores for systemic and instructional uses such as identifying opportunity gaps, aligning the curriculum with state or district standards, and program evaluation, especially pilot programs before they are fully implemented.

Q16. Most educators believe students should have access to a wide range of age-appropriate books that include relatable characters and situations that reflect the diversity of Minnesota families. However, certain politicians and big money groups are trying to remove books from school libraries across America, particularly books with LGBTQ+ characters or those that deal with racism in America. How should Minnesota protect its students' freedom to read?

Support the Access to Library Materials and Rights Protected legislation (Laws of Minnesota 2024, chapter 109, article 7, section 2) and lean on librarians expertise while also ensuring pornographic material is not available to children.

Q27. How would you support schools, educators and students in recovering from the trauma and financial impacts that Operation Metro Surge inflicted upon our state, especially BIPOC communities?

I support expanded mental health services to heal the trauma inflicted on affected communities and children, targeted academic support to help impacted communities, children, and families recover from the lost instructional time, and direct financial relief through direct grants and funding to affected communities and families. I support stabilizing the school and home environment through protective school environments that prohibit ICE from all educational areas in communities including early childhood education areas. Supporting educators and school systems by providing resources for crisis management, increased staffing, and community-driven initiatives such as encouraging partnerships between schools, local non-profits, and mental health providers to create "healing circles" and culturally rooted wellness strategies that support the entire school community, not just the students. I support rebuilding trust in BIPOC communities with transparent leadership and clear, consistent policies that prioritize the safety of all Minnesotans. I also support reinvesting in "Grow Your Own" teacher programs and other initiatives that prioritize a diverse educator workforce, ensuring that students see themselves reflected in their school leadership.
