Yes

Q26. Do you support clarifying and strengthening workers' rights and protections in the paid family medical leave program?

Yes

Q1a. If yes: Which one? What were your observations from your visit? How will this experience inform your work as a legislator?

I didn't get a chance to go to a school other than as a parent in the last 12 months. After Melissa's murder, it's been a journey to get back on track.

Q10. Education Minnesota believes in restoring fairness to the state tax code by raising revenue from the very wealthiest corporations and richest households and reducing the reliance on local levies to fund schools. What progressive, equitable ways to raise state revenue do you support?

I have significantly raised revenue through cannabis legalization and have plans to reinstate tax on some products to keep our protections on track. I also support closing the stadium suite loophole, blocking tax breaks for corporations like the PGA and others, increasing the corporate tax, a fifth tier tax, a CEO ratioed wealth tax, and other wealth taxes.

Q15. What individual or system-level decisions in education do you believe are appropriate to make based on standardized test scores?

Hardly any – if any at all! There's far better ways to measure.

Q16. Most educators believe students should have access to a wide range of age-appropriate books that include relatable characters and situations that reflect the diversity of Minnesota families. However, certain politicians and big money groups are trying to remove books from school libraries across America, particularly books with LGBTQ+ characters or those that deal with racism in America. How should Minnesota protect its students' freedom to read?

Uphold the ban on book bans and never reject Republicans to any level of power in MN again.

Q27. How would you support schools, educators and students in recovering from the trauma and financial impacts that Operation Metro Surge inflicted upon our state, especially BIPOC communities?

I founded and ran the Bville AV Savage ice watch crew and then recruited and uplifted the leaders who are now running the show. They are focused on mutual aid responses and I provide ongoing support and consulting for them as they prepare to adjust to GOTV and poll watching this summer and fall. I have worked with the county and state agencies and large non profits to connect them with grassroots leaders who are leading the efforts to continue to support families impacted by ICE. The state party can do more to step in, and I've been advocating for more interaction from the state executive committee members. The state government can do more by restoring safe zones at schools, churches, mosques, temples, hospitals, colleges, courthouses, etc. and requiring local law enforcement to defend and protect Minnesotans over ice agents. The state government should also help cover the financial catastrophes ice inflicted on immigrant owned small businesses with a wealth tax on the folks getting a huge federal tax break from the Trump administration.
